

3 March 2021

We are proud to introduce you to the:

SLCOD
SUPERCAPACITOR OPENING DEVICE

First off the mark once again, we have designed a new range of **ECO-FRIENDLY** devices - TÜV Thüringen EN16005 certified - for automatic opening in case of power failure using

SUPERCAPACITOR

technology that replaces old devices with

LEAD BATTERIES

used in both redundant and standard sliding automations.

This extraordinary step forward to the **ECOLOGICAL TRANSITION** has been awarded with the

R+T INNOVATION GOLD AWARD 2021

Landesmesse Stuttgart GmbH Germany

FACE AUTOMATIONS HAVE BECOME:

Paolo Bacchin
Managing Director

N151 EN 2021.03.03
